

## **A Place of Grace**

Welcome to this place of grace,  
We, the people who live here, love one another and love Jesus.  
Our home is a haven,  
a refuge of acceptance and forgiveness and love.  
We believe that we are divinely appointed to be a family.  
We will walk together through every valley.  
We will rejoice together from every mountain  
We will pursue godliness.  
We will look for each others giftedness and encourage one another  
toward significance  
We will live pure lives.  
We will pray.  
We will worship.  
We will seek God first in all things.  
We believe it is better to laugh and cry together, than to accomplish  
great feats all alone.  
We are stronger because we are family.  
To God be the glory for the great things he has done.
